When scene starts
Place at x: 20 y: 200
Point in direction 180 degrees
Set variable length to 15
Broadcast and wait line
Set variable length to 7
Set variable circle size to 14
Broadcast and wait arc right
Point in direction 0 degrees
Set variable length to 15
Broadcast and wait line
Set variable length to 7
Broadcast and wait arc right
Point in direction 10 degrees
Set variable length to 45
Set variable circle size to 63
Broadcast and wait arc right

Point in direction 128 degrees
Set variable length to 30
Set variable circle size to 45
Broadcast and wait arc right
Sew up
Place at x: -25 y: 200
Point in direction 350 degrees
Sew up
Set variable length to 45
Set variable circle size to 63
Broadcast and wait arc left
Point in direction 232 degrees
Set variable length to 30
Set variable circle size to 45
Broadcast and wait arc left
Sew up
Place at x: -15 y: 215

Pay attention to the minus signs!

Pay attention to the minus signs!

Point in direction 340 degrees
Sew up
Set variable length to 10
Broadcast and wait line
Set variable circle size to 10
Point in direction 270 degrees
Broadcast and wait arc right
Sew up
Place at x: 10 y: 215
Point in direction 20 degrees
Sew up
Set variable length to 10
Broadcast and wait line
Point in direction 300 degrees
Broadcast and wait arc right

If it doesn‘t work, control the bricks.
